Who we are...

*A*t Star Point Star we always strive for perfection in everything that we do. We help our customers achieve a level of management and comfort in the benefits of the solutions we provide.

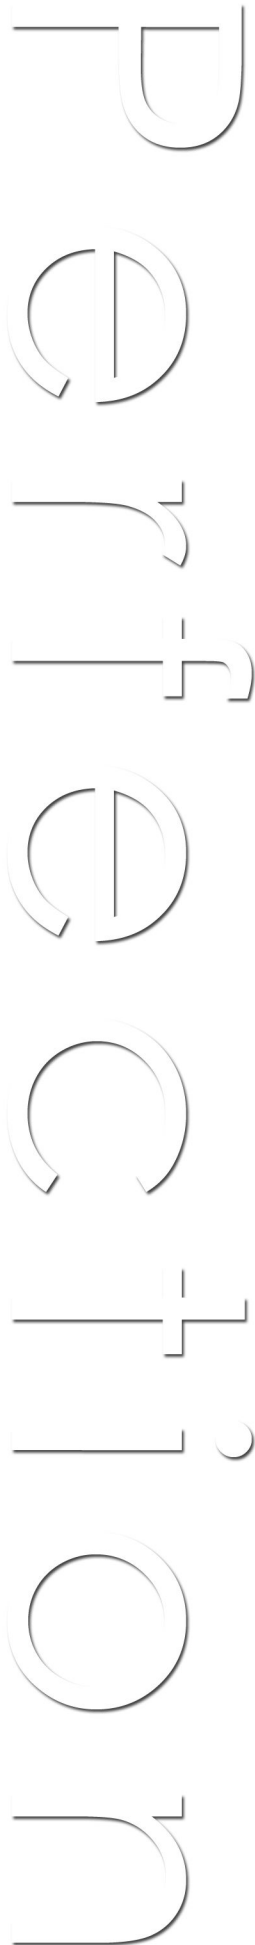

Being in the market for more than a decade, we have learned to adapt and maintain our professionalism through out all the eras of the computer age. We pride ourselves on being able to give our clients the sense of assurance in that their business is in good hands, and that they can depend on us for all of their I.T. needs. Forming a synergy between the client's business needs, and our expertise to provide the suitable solutions fit for the company model.

Our experience is not bound by the outlines of the market, it stretches as far as the client corporate image and structure needs. Like the business technology requires, we possess efficient knowledge in all the leading computer and communication industry.

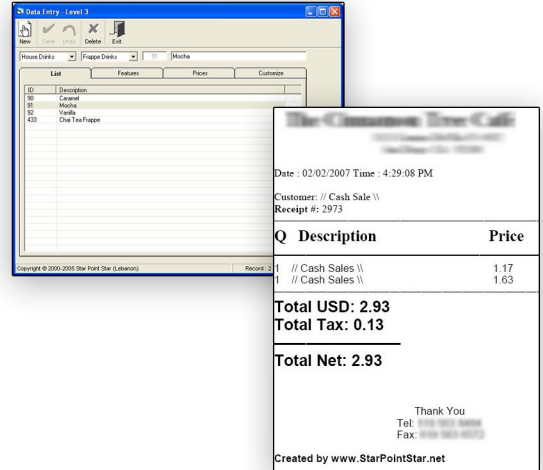

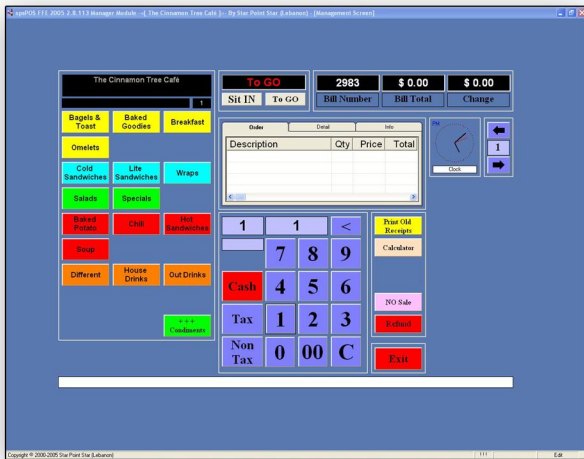

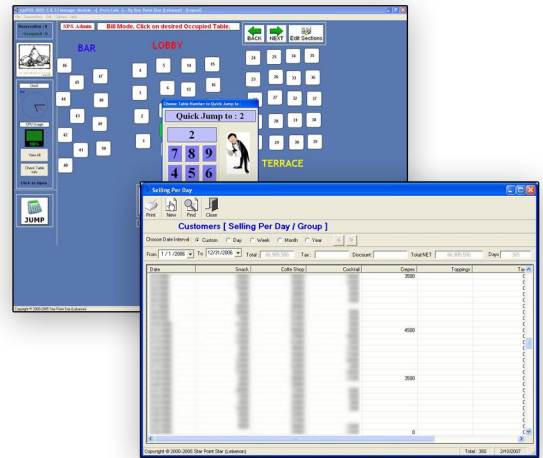

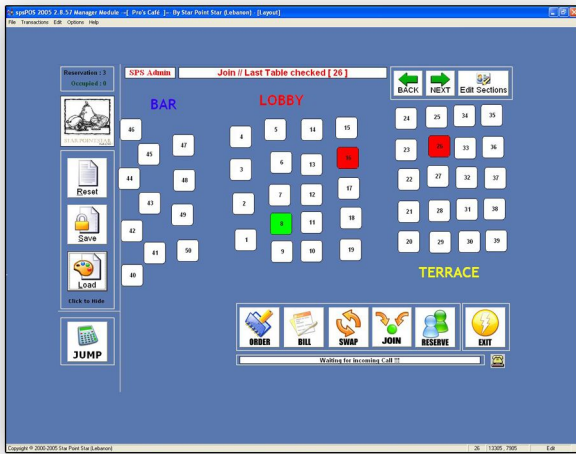

Star Point Star is a multi-lingual company, with the multitude of its employees, speaking english, french and arabic, we have been able to target a larger market niche spreading across the globe. Our clients are located in almost all of the continents, from the United states, Canada, France, Switzerland and Lebanon, because of the universal nature of Information Technology.

We deal with our clients with absolute amity, making them feel at ease within our friendly environment, breaking the barriers between them and the corporate hierarchy, providing fusion for the ultimate goal, which is their global effectiveness.

PRACTICE AREAS

At the Law Office of Daniel A. Ditlof, we have a focused trial practice that delivers. We have a special emphasis in Criminal Defense.

We are focused in the following practice area in specific:
Criminal Defense
Juvenile Offenses

Trust a legal team who knows the system and will provide the right representation and guidance.

We also deal with personal injury cases, which are legal cases handling all types of personal injury.

The most common type of personal injury claims are road traffic accidents, there are a multitude of types of accident and the term *personal injury* also incorporates medical and dental accidents. The term *personal injury* is not confined to physical injuries, although negligence cases usually do involve bodily injuries.
